SPB15-3067V-3**

THIS CONTRACT is entered into by and between State of Montana, Department of Administration, State Financial Services Division, State Procurement Bureau (State), whose address and phone number are 125 N. Roberts St., Room 165 Helena, MT 59620, 406-444-2776 and **Amerigas Propane, L.P.**, (Contractor), whose address and phone number are **460 N. Gulph Road, King of Prussia, PA 19406 and (610) 304-1620.**

1. EFFECTIVE DATE, DURATION, AND RENEWAL

1.1 Contract Term. The contract's initial term is November 1, 2015 through October 31, 2018, unless terminated earlier as provided in this contract. In no event is this contract binding on State unless State's authorized representative has signed it. The legal counsel signature approving legal content of the contract and the procurement officer signature approving the form of the contract do not constitute an authorized signature.

1.2 Contract Renewal. State may renew this contract under its then-existing terms and conditions (subject to potential cost adjustments described below in section 2) in two-year intervals, or any interval that is advantageous to State. This contract, including any renewals, may not exceed a total of seven years.

2. COST ADJUSTMENTS

2.1 Monthly Price Adjustments. An average rack price will be determined, as described below, at the beginning of the contract. State anticipates calculating this price on the first Thursday of each month beginning November 5, 2015. Price changes per gallon will be determined monthly as described in the following steps:

- Contract propane prices shall be adjusted monthly, beginning December 3, 2015, based on the rack price of Conoco/Phillips refinery, Billings, Montana as posted from approximately the first Thursday of the month. Contract pricing adjustments will be effective the Friday following the Thursday price adjustment.
- Prices between these dates may be adjusted if the price increases or decreases by \$0.05 or more.
- Rack price increases or decreases will continue to be reported monthly. Each month, State shall post an addendum that reports the current rack price. The addendum will show the rack price per gallon up to a twelve month period, or, the previous 12 price adjustments if the price has increased or decreased by \$0.05 or more.

If this pricing structure becomes unworkable or detrimental to the State in the State's sole judgment, or does not accurately depict market conditions, State reserves the right to modify the pricing structure to reflect market conditions; adjust the monthly effective date; or cancel the contract under Section 16.2 by giving 30 days written notice to contract holders.

2.2 Monthly Addendum. Contractors shall check the "term contract" website for a monthly contract addendum or following a rapid change in wholesale pricing. State reserves the right to modify pricing per Section 2.1 of this contract. Contractors unable to locate either the term contract or monthly addenda shall contact State Liaison identified in Section 21.1

2.3 Cost Adjustments Negotiated Based on Changes in Contractor's Costs. *After the contract's initial term and if State agrees to a renewal*, the parties may negotiate cost adjustments at the time of contract renewal. Any cost increases shall be based on demonstrated industrywide or regional increases in Contractor's costs. State is not obligated to agree upon a renewal or a cost increase.

3. SERVICES AND/OR SUPPLIES

3.1 Propane Service. Contractor shall provide to the awarded locations in Attachment A, propane deliveries within a reasonable time frame as designated by the individual ordering agency.

3.2 Tanks. Propane tanks at each location are designated as "State"- owned or "Vendor"-owned (to be supplied by the contract holder). Previous contract holders will be removing their tanks for replacement by the new contract holders, as required.

THE COST OF TANK CHANGEOVERS RESULTING FROM BID AWARD IS SOLELY THE RESPONSIBILITY OF THE SUCCESSFUL VENDOR. TANK RENTAL FEES, IF ANY, ARE TO BE INCLUDED IN THE BID PRICE PER GALLON. IF THE "OLD" TANK IS REMOVED AND A "NEW" VENDOR TANK IS INSTALLED, ANY EXISTING STATE - OWNED PROPANE WILL BE TRANSFERRED INTO NEW TANK.

3.3 Term Contract Reporting- Annual Requirements. By July 31st of each year, contractors shall report annual propane purchases by location. Each report shall contain the product description, total quantity sold/delivered, total dollars expended, and the purchasing agency. Annual reports shall reflect purchases for the previous 12 month period beginning on July 1st and ending on June 30th. The first report under this contract will be due on or before July 31, 2016. The report should reference Term Contract #SPB15-3067V.

PLEASE NOTE: CONTRACTORS SUPPLYING PROPANE TO LOCATIONS UNDER THE PREVIOUS CONTRACT AND/OR THIS CONTRACT SHALL SUBMIT REPORTS AS FOLLOWS:

2. **Purchasing Report #2.** Contractors supplying propane to locations under this Term Contract (SPB#15-3067V) shall submit a purchase report for ***November 1, 2015 through June 30, 2016.***

As defined above, the two reports shall be for the service periods defined as "Purchasing Report #1" and "Purchasing Report #2". Contractors shall clearly label each report with 1) The Service Period; and 2) The Contract Number.***

State Procurement Bureau may check reported volumes and dollar totals against state records for verification. A Contractor failing to provide timely or accurate reports provides State justification for contract cancellation and/or consideration for future State contract awards.

4. WARRANTIES

4.1 Warranty of Services. Contractor warrants that the services provided conform to the contract requirements, including all descriptions, specifications and attachments made a part of this contract and any industry standards. State's acceptance of services provided by Contractor shall not relieve Contractor from its obligations under this warranty. In addition to its other remedies under this contract, at law, or in equity, State may, at Contractor's expense, require prompt correction of any services failing to meet Contractor's warranty herein. Services corrected by Contractor shall be subject to all the provisions of this contract in the manner and to the same extent as services originally furnished.

State, its officers, officials, employees, and volunteers are to be covered and listed as additional insureds for automobiles leased, owned, or borrowed by Contractor.

11.5 Deductibles and Self-Insured Retentions. Any deductible or self-insured retention shall be declared to and approved by State. At the request of State either: (1) the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects State, its officers, officials, employees, or volunteers; or (2) at the expense of Contractor, Contractor shall procure a bond guaranteeing payment of losses and related investigations, claims administration, and defense expenses.

To obtain registration materials, call the Office of the Secretary of State at (406) 444-3665, or visit their website at <http://sos.mt.gov>.

16. CONTRACT TERMINATION

16.1 Termination for Cause with Notice to Cure Requirement. State may terminate this contract in whole or in part for Contractor's failure to materially perform any of the services, duties, terms, or conditions contained in this contract after giving Contractor written notice of the stated failure. The written notice shall demand performance of the stated failure within a specified period of time of not less than 30 days. If the demanded performance is not completed within the specified period, the termination is effective at the end of the specified period.

16.2 Termination for Convenience. State may, by written notice to Contractor, terminate this contract without cause and without incurring liability to Contractor. State shall give notice of termination to Contractor at least 30 days before the effective date of termination. State shall pay Contractor only that amount, or prorated portion thereof, owed to Contractor up to the date State's termination takes effect. This is Contractor's sole remedy. State shall not be liable to Contractor for any other payments or damages arising from termination under this section, including but not limited to general, special, or consequential damages such as lost profits or revenues.

16.3 Termination for Cause with Notice to Cure Requirement. Contractor may terminate this contract for the State's failure to perform any of its duties under this contract after giving the State written notice of the failure. The written notice shall demand performance of the stated failure within a specified period of time of not less than (insert number of days) days. If the demanded performance is not completed within the specified period, the termination is effective at the end of the specified period.

16.4 Reduction of Funding. State shall by law terminate this contract if funds are not appropriated or otherwise made available to support State's continuation of performance of this contract in a subsequent fiscal period. (18-4-313(4), MCA.) If state or federal government funds are not appropriated or otherwise made available through the state budgeting process to support continued performance of this contract (whether at an initial contract payment level or any contract increases to that initial level) in subsequent fiscal periods, State shall terminate this contract as required by law. State shall provide Contractor the date State's termination shall take effect. State shall not be liable to Contractor for any payment that would have been payable had the contract not been terminated under this provision. As stated above, State shall be liable to Contractor only for the payment, or prorated portion of that payment, owed to Contractor up to the date State's termination takes effect. This is Contractor's sole remedy. State shall not be liable to Contractor for any other payments or damages arising from termination under this section, including but not limited to general, special, or consequential damages such as lost profits or revenues.

- treat this contract as materially breached and, except as the remedy is limited in this contract, pursue any of its remedies under this contract, at law, or in equity.

18. FORCE MAJEURE

Neither party is responsible for failure to fulfill its obligations due to causes beyond its reasonable control, including without limitation, acts or omissions of government or military authority, acts of God, materials shortages, transportation delays, fires, floods, labor disturbances, riots, wars, terrorist acts, or any other causes, directly or indirectly beyond the reasonable control of the nonperforming party, so long as such party uses its best efforts to remedy such failure or delays. A party affected by a force majeure condition shall provide written notice to the other party within a reasonable time of the onset of the condition. In no event, however, shall the notice be provided later than five working days after the onset. If the notice is not provided within the five-day period, then a party may not claim a force majeure event. A force majeure condition suspends a party's obligations under this contract, unless the parties mutually agree that the obligation is excused because of the condition.

19. WAIVER OF BREACH

Either party's failure to enforce any contract provisions after any event of breach is not a waiver of its right to enforce the provisions and exercise appropriate remedies if the breach occurs again. Neither party may assert the defense of waiver in these situations.

20. CONFORMANCE WITH CONTRACT

No alteration of the terms, conditions, delivery, price, quality, quantities, or specifications of the contract shall be granted without State Procurement Bureau's prior written consent. 22. MEETINGS

22.1 Technical or Contractual Problems. Contractor shall meet with State's personnel, or designated representatives, to resolve technical or contractual problems occurring during the contract term or to discuss the progress made by Contractor and State in the performance of their respective obligations, at no additional cost to State. State may request the meetings as problems arise and must be coordinated by State. State shall provide Contractor a minimum of three full working days' notice of meeting date, time, and location. Face-to-face meetings are desired; however, at Contractor's option and expense, a conference call meeting may be substituted. Contractor's consistent failure to participate in problem resolution meetings, Contractor missing or rescheduling two consecutive meetings, or Contractor's failure to make a good faith effort to resolve problems may result in termination of the contract.

23. TRANSITION ASSISTANCE

If this contract is not renewed at the end of this term, if the contract is otherwise terminated before project completion, or if particular work on a project is terminated for any reason, Contractor shall provide transition assistance for a reasonable, mutually agreed period of time after the expiration or termination of this contract or particular work under this contract. The purpose of this assistance is to allow for the expired or terminated portion of the services to continue without interruption or adverse effect, and to facilitate the orderly transfer of such services to State or its designees. The parties agree that such transition assistance is governed by the terms and conditions of this contract, except for those terms or conditions that do not reasonably apply to such transition assistance. State shall pay Contractor for any resources utilized in performing such transition assistance at the most current contract rates. If State terminates a project or this contract for cause, then State may offset the cost of paying Contractor for the additional resources Contractor utilized in providing transition assistance with any damages State may have sustained as a result of Contractor's breach.

24. CHOICE OF LAW AND VENUE

29. WAIVER

State's waiver of any Contractor obligation or responsibility in a specific situation is not a waiver in a future similar situation or is not a waiver of any other Contractor obligation or responsibility.
