INDEPENDENT AUDITOR'S REPORT

To the Legislative Audit Committee
of the Montana State Legislature:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the state of Montana, as of and for the year ended June 30, 2002, which collectively comprise the state's basic financial statements, as follows:

These financial statements are the responsibility of the state of Montana's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Montana State Lottery, which represents .12 and 2.55 percent, respectively, of the assets and revenues of the aggregate remaining fund information. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Montana State Lottery, is based on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management,

as well as evaluating the overall financial statement presentation. We believe that our audit and the report of other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the state of Montana, as of June 30, 2002, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Management's Discussion and Analysis and the Budgetary Comparison Schedule listed in the table of contents are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

As described in Note 2, the state of Montana has implemented a new financial reporting model, as required by the provisions of GASB Statement No. 34, *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments*, as of June 30, 2002.

In accordance with *Government Auditing Standards*, we have issued our report dated December 31, 2002, on our consideration of the state of Montana's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit. It will be included in the Legislative Auditor's separately issued report (02-01) on the state's basic financial statements.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the state of Montana's basic financial statements. The Non-Major Fund, Combining, and Capital Asset Statements/Schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied by us and the other auditors in the audit of the basic financial statements and, in our opinion, based upon our audit and the report of the other auditors, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The Introductory and Statistical Sections listed in the table of contents were not audited by us and, accordingly, we express no opinion on them.

Respectfully submitted,

(Signature on File)

James Gillett, CPA
Deputy Legislative Auditor
